PHILOSOPHY

We’ve chosen wines and styles that speak to us—wines we love to enjoy and are proud to share with you. Our journey is ongoing, always evolving, as we seek out small, family-owned producers who pour their hearts into the vineyard. These are people who work with integrity, respect nature, and strive to express the soul of the grape.

Our wine list is alive. In 2026 our focus has been dedicated to rediscovery of Loire Valley and it`s unique styles, as well as deepening the selection of Champagne and Burgundy wine regions.

We believe in wines that are honest. Organic, biodynamic, natural—yes. But more importantly, wines that feel right in the moment. Wines that pair not just with food, but with atmosphere, conversation, and emotion. Wines that connect.

At Noble Wine, our philosophy is simple: we work with wines that have a soul. Wines that invite you to slow down, to feel, to explore. We hope this list inspires you to discover something new, something memorable—something that stays with you.

Our “Wines by the Glass” selection has been expanded to 50 wines available daily, from thirst-quenching Riesling and roses to heart warming and deep wines from Bordeaux and even older Riojas.

Priekā!
